**District Attorney's Office to accept credit card payments**

**EDINBURG** – Hidalgo County Criminal District Attorney Ricardo Rodriguez Jr. is pleased to announce that the Check Fraud Division of the Hidalgo County District Attorney's will now accept credit card payments on all check-related cases.

"This advancement is part of our efforts to improve the efficiency of the office and make it more accessible to the public," said Rodriguez.

Hot check writers will have the ability to pay by credit card at the Check Fraud Division offices, located on the third floor of the Hidalgo County Courthouse. In addition, two mobile payment stations will also be assigned to the Check Fraud Division investigators tasked with serving warrants throughout the county. The increased ease of payment will lead to merchants receiving restitution more quickly in some cases. Rodriguez also plans to implement an online payment center as part of the office's new website that is currently under development.
