CLASSIFICATION AND COMPENSATION PLAN

8.00 CLASSIFICATION PLAN

The Employee Classification and Compensation Plan (Grade and Step) provides the salary structure for classified employees in Hidalgo County. The Classified Position List organizes county positions by title and grade according to level of responsibility. Positions are placed in job classifications that best depict the nature of the work performed. Each job classification has a corresponding salary group assignment that determines the minimum (Step 1) salary rate for each position.

8.01 PLAN OBJECTIVES

The Classification and Compensation plan accomplishes the following objectives:

- 1) Groups position with similar duties and pay while providing a high degree of flexibility to County departments and offices.
- 2) Compensates employees with salaries that are internally equitable and compare favorably with the private sector, other counties, and Texas State Agencies.
- 3) Provides for within grade step increases (Within Grade Step Increase Policy).
- 4) Provides for Career Ladder and Departmental promotions at the department level.

8.02 PLAN APPLICATION

The Classification and Compensation Plan, and the related salary schedule applies to all regular, full-time salaried positions (classified) as authorized by the Hidalgo County Commissioners' Court.

- 1) The Classification and Compensation Plan consists of 21 pay grades and 11 steps. The Department of Human Resources established the grade for each position based on the level of difficulty, level of responsibility, and the qualifications (education and experience) required for the position.
- 2) Each grade has 11 steps that are set at 3.5% intervals. Step 2 is 3.5% higher in salary than Step 1 and Step 3 is 3.5% higher in salary than Step 2 and so on.
- 3) All newly hired (selected or appointed) employees of the County must begin their employment at Step 1 and remain at Step 1 during the required six months probationary period.
- 4) An employee who is promoted is guaranteed at least a 3.5% (one-step) salary increase. The employee will be placed at Step 1 of the new grade, or at the next step of the new grade that provides the employee at least a 3.5% salary increase if Step 1 is less than a 3.5% increase.
- 5) An employee who is demoted (voluntarily or involuntarily) to a position in a lower grade, will be placed at the same step as the employee occupied in the higher grade.

8.03 DISCRETIONARY STEPS

New employees are hired at Step 1 of the applicable grade. However, in special circumstances, Elected Officials and Department Heads may request a higher step for a newly hired employee based on certain criteria related to special need or superior qualifications.

- 1) Discretionary Step 2 - All newly hired employees are usually hired at Step 1 of the applicable Classification Plan grade. However, in special circumstances, Elected Officials and Department

Heads may request to hire at Step 2 based on a special need of the department or superior qualifications of the prospective employee. The Step 2 discretionary step will be awarded after criteria certification by HR and approval of the step adjustment by Commissioners' Court.

- 2) Discretionary Step Professional – Elected Officials and Department Heads may request to hire above the minimum criteria not to exceed 4 steps when there is an insufficient number of qualified candidates for certain professional positions (Registered Nurses, Engineers, Attorneys, and Classified/Non-Classified positions requiring a post graduate degree) that require specialized education, significant experience, significant training, and significant skills. The discretionary step will be awarded after criteria certification by the Department of Human Resources and approval of the step adjustment by Commissioners' Court.
- 3) Discretionary Step District Attorney - The District Attorney may request to hire above the minimum criteria not to exceed 5 steps based on a special and compelling need of the department to hire highly qualified Assistant District Attorneys. The discretionary steps will be awarded after criteria certification by HR and approval of the step adjustment by Commissioners' Court.
- 4) Elected Officials and Department Heads must complete and submit Form 8.0301, Request for Discretionary Step(s), to the Department of Human Resources. Requests are subject to Commissioners' Court approval.

8.04 WITHIN GRADE STEP INCREASE

The Classification and Compensation Plan provides for a process for employees to earn salary step increases within their assigned pay grade. The Within Grade Step Increase policy, is intended to provide employees the opportunity for progression through his or her assigned pay grade.

- 1) Step salary increases will be approved during the annual budget preparation process for all employees meeting the eligibility criteria.
- 2) All step salary increases will be certified by the Department of Human Resources and the Department of Budget and Management.
- 3) Awarded step increases will be effective on the first full pay period after adoption of the annual budget.
- 4) Step increases will be subject to the availability of funds projected during the budget process.
- 5) To be eligible for the Within Grade Step Increase salary adjustment, employees must meet the following criteria:
 - a) The employee must be a regular full time employee and must have completed at least twelve (12) consecutive months of service.
 - b) The employee must have a performance rating of "Exceeds Requirements" or better as documented by the employee's immediate supervisor and certified by the department head/official.
 - c) The employee must not have received any serious personnel actions, such as suspension without pay, demotion, or disciplinary probation within the last twelve (12) months from the approval date of the "Incentive Step Increase" process during the annual budget process.

- f) The employee's salary is below the maximum salary step (Step 11) of the employee's position grade.

8.05 COST OF LIVING ADJUSTMENTS (COLA)

Employees will be eligible to receive cost of living adjustments (COLA) when Commissioners' Court authorizes a COLA increase to all employees to offset the employees' eroding purchasing power due to inflation. A COLA adjustment is normally considered during the annual budget process, and if approved it is included in the adopted annual budget. COLA adjustments are normally across the board and normally track the change in the cost of consumer goods, as measured by the Department of Labor Consumer Price Index.

8.06 LATERAL TRANSFERS

A lateral transfer occurs when an employee moves to another position within the same pay grade (whether in the same department or another). The lateral transfer of an employee may involve a change in title. An employee who laterally transfers will remain at the same pay grade and at the same step.

DEFINITIONS

For purposes of this plan and related policies, the following definitions apply.

- 1) **Career Ladder** – A series of positions with responsibilities and duties related to each other and requiring greater responsibilities, knowledge, skills, and abilities to function with less supervision as the classification level increases. A similar term is “career path”.
- 2) **Career Ladder Position** – A classified position included in a specified career ladder.
- 3) **Career Ladder Promotion** – The movement of an employee from one classification to a higher classification in a job classification series with a higher pay grade within the same department. *Example* the promotion of an Accountant I to a vacant Accountant II position.
- 4) **Change of Status** – The form required to process any change that affects the title, table, grade, salary, or fund of a position and an employee.
- 5) **Classification** – The designation of job classes on the basis of job function and responsibility and assignment to the appropriate category (job), title (position), and pay grade (level). *Example* the classification of the Accountant I position to grade 8.
- 6) **Classification Plan Step Increase** – A raise in pay, normally a one-step increase of 3.5% based on a set of criteria set by Commissioners’ Court to recognize employees for good performance, for adhering to County policies and procedures.
- 7) **Classified Position List** – The inventory of classified positions in the Classification and Compensation Plan that have been approved by Commissioners Court. Each classified position has been assigned to the appropriate grade, and a job description has been developed with the required relevant qualifications.
- 8) **Compensation** – Pay given for service based on job function and responsibility.
- 9) **Demotion** – A change from one classified position to another classified position in a lower salary grade. A demotion can be voluntary or non-voluntary. The change in grade does not change the employee’s step.
- 10) **Departmental Promotion** – The movement of an employee from their current classified position to a higher classified position that is vacant and has been posted internally within the employees department or office.
- 11) **Discretionary Step** – All newly created positions are budgeted at Step 1. All current positions are reset to Step 1 when they become vacant, and all positions are posted at a Step 1 budgeted salary. However, elected officials and department heads have some discretion to hire at other than Step 1 under certain compelling conditions as outlined in the policy. However, the selected applicant must be initially hired at Step 1 and the discretionary step requires approval by Commissioners’ Court.
- 12) **Grade** – The level of classification based on job function and level of responsibility and defined by a specific salary range. There are 21 grades in the Classification and Compensation Salary Schedule.
- 13) **Initial Probation** – The six month period during which a new hire to the county is evaluated to assess the mutual benefits of the employment.
- 14) **Lateral Transfer** – The movement of an employee from their current office or department to a new office or department in the county, from a position in one pay grade to a different position within the same pay grade.
- 15) **Position Audit** – The review of the functions and responsibilities of a position for the purpose of determining the correct classification (grade).

- 17) **Reclassification** – A change in the classification (grade) of a position that is required due to new and fundamental changes in the duties assigned to the position.
- 18) **Re-grade** – A change in the grade of a position. This is rarely required and is initiated by the Department of Human Resources based on market analysis. *Example* the grading of the Accountant I position from a grade 8 to a grade 9.
- 19) **Selection and Promotion** – The voluntary (employee applies for a vacant posted position and is selected by the selecting authority) movement of an employee from their current position in an office or department to a vacant position in a different office or department within the County, which may or may not have a change in classification or pay grade. An employee can also voluntarily apply for a position at a lower grade under this procedure.
- 20) **Step** – The specific rate of pay within a grade. There are 11 steps in the Classification and Compensation Salary Schedule.
- 21) **Step Date** – Step Waiting Period – the initial step date for all classified employees will be the date the Classification Plan is implemented. Every classified employee will be assigned to the appropriate grade for their position title and the appropriate step (or between steps) based on their current salary. Thereafter, any personnel action that requires a change in step resets the step date for the step waiting period.
