Hidalgo County District Clerk Office Celebrates National County Government Month

Edinburg, Texas – The Hidalgo County District Clerk Office invites the community to tour its facilities in observance of National County Government Month (NCGM). NCGM is celebrated each April by the nation's counties to raise public awareness and understanding about the roles and responsibilities of county government. The district clerk office will be promoting its public services and distributing information about its programs.

“NCGM is a great opportunity for our office to actively promote our services and educate our constituents on what our role is in county government. We definitely want to encourage our students, educators, senior citizens, families, business groups and community organizations to pay us a visit, schedule a tour and really get to know the district clerk office and how it can serve them,” said Laura Hinojosa, Hidalgo County District Clerk. “This celebration also correlates with the district clerk’s mission to sustain transparency in all office operations, allowing us the opportunity to show the public the steps we’re making towards becoming a more accountable organization.”

This year’s NCGM theme is “Healthy Counties” and will focus on the county’s essential health care services, healthy living and recreation programs. Although not associated with health care services, the district clerk office will highlight the organization’s “state of health” and their efforts in implementing more functional and efficient practices and services.

The district clerk office will also be hosting its 2nd annual open house on Wednesday, April 21st from 3pm to 5pm in observance of NCGM. The public is encouraged to contact the district clerk office at 956.318.2200, ext 6239 if interested in attending.
